Rehabilitation Counseling

Agencies should assign one staff member to supervise the intern. (However, if no one at the agency has both a CRC and (L)PC, or CCDC III and (L)PPC you will need two supervisors.) This supervisor may assign the intern to other professional staff in the agency but is responsible for making sure the intern's supervision and assignments best meet the needs of the intern and the agency. The internship site supervisor is responsible for planning, assigning internship duties, observing and monitoring the interns work performance as well as setting up priorities in terms of work tasks.

On-site supervision includes:

• Assign work assignments according to the student's level of competence based upon the student's education and experience level.

The Site Supervisor also agrees to be available by phone and/or e-mail and on-site visits with the University Supervisor for consultation concerning the internship student's progress. The Site Supervisor will complete an Internship Student Evaluation (provided by the internship student), and review it with the internship student, and return it to the internship student, who will turn it into the University Supervisor, Department of Human Services (108 ALLYN HALL) at the midterm and no later than finals week of the semester.

- Site supervisors must be available to observe students performing all activities required of the internship experience. This includes but is not limited to: leading a group, individual counseling/academic advising with a student, communication with parents, facilitating a classroom guidance lesson, and collaboration with other professionals in the building. In addition to providing students with feedback, face-to-face supervision time should consist of case conceptualizations, ethical and professional discussions, program management and skill development.
