

## Acceptable Test Scores for Admission to Teacher Education Programs

Please be aware that **WHEN** you took the test is an important factor in determining whether your score meets the minimum criteria for admission, due to revisions that have occurred over time in the ACT, SAT, and Praxis tests. Please pay particular attention to writing scores as you may not have completed the optional essay writing portion of the ACT or SAT test and may need to take the Praxis Core Writing.

Please see the tables below to compare your scores to the required minimum scores based on the date you took each test.
